

Resources for Students

This document: also at Lumion.co.nz/Lumion-Students-ApplicationAndResources.pdf

How To Get Lumion (as a student):

- Available to Tertiary (and some secondary) students for recognised architectural, landscape design, construction and some design courses.
- Available on application to the local New Zealand Lumion reseller.
- What you need:
 - A good PC with a good high-performance dedicated graphics card: see our Knowledge Base articles as a starting point:
 - [What kind of computer does Lumion need?](#)
 - [Which graphics card do you need?](#)
 - [Which laptop PCs do you recommend?](#)
 - You can also download the [14 day Trial](#) (4.2GB)from the web site. Install and run the *Benchmark* to see how well your computer goes with Lumion.
 - Contact us if you are not sure if hardware meets requirements.
- What you get on an application being approved:
 - The Lumion Student Pro product (free in New Zealand), plus free updates or upgrades within the current period of the License Key.
 - A License Key for 365 days from date issued.
 - Includes all features, model and materials library content of the commercial product.
 - Watermarked as a student or educational product.
 - Not for commercial use.
 - Access (free) to the full (commercial) Support Centre: technical support, knowledge base, video tutorials.
- Application via:
 - Web site - Lumion NZ: [Student Application](#) form, or
 - [General contact form for Students](#), or
 - Email to student@4fronttech.co.nz.
